Celebrate Operation Smile’s 40th anniversary with us and host Smile Week at school from Nov. 14-18!

By hosting your own Smile Week with one or more daily activities, you and your fellow clubs around the world will be working together to raise awareness and make more surgeries possible.

**BELIEVING IN YOU**

Pictured dancing at our International Student Leadership Conference in 2022, it’s clear Operation Smile Co-founders Dr. Bill and Kathy Magee believe in students. Make them proud — and make an impact during Smile Week!

LEADERSHIP DAY | MONDAY, NOV. 14

Start Smile Week with an act of leadership and start a Smile Fund to help cover the cost of surgery for our patients born with cleft conditions. Send your Smile Fund link to 10 people and host a fundraiser of your choice, such as a bake sale or restaurant night.

ADVOCACY DAY | TUESDAY, NOV. 15

Help spread the word about Operation Smile by: Wearing an Operation Smile T-shirt and telling five new people about Operation Smile’s mission. Setting up an Operation Smile booth. Posting fliers around school. Giving a short presentation in class.

SERVICE DAY | WEDNESDAY, NOV. 16

Host a donation drive to address the shortage of psychosocial care items needed for Operation Smile medical programs. (Scan the QR code for the list of items.) Another option is to see how you can support local organizations and nonprofits, such as food pantries.

EDUCATION DAY | THURSDAY, NOV. 17

Better understand cleft conditions by: Having all your club members register for iSmile. Completing one module in iSmile. Inviting everyone to tune into the Global Leadership Council’s U-Lead conference on this day. Giving a presentation on cleft.

GRATITUDE DAY | FRIDAY, NOV. 18

Express thanks for people in your community by: Writing thank you cards to support staff at school. Passing out positive affirmations to your classmates. Passing out goodie bags to teachers. Volunteering at a local organization or nonprofit.
